SUPPLEMENTARY INFORMATION: The Administrative Conference of the United States makes recommendations to administrative agencies, the President, Congress, and the Judicial Conference of the United States regarding the improvement of Federal administrative procedures (5 U.S.C. 594). The membership of the Conference, when meeting in plenary session, constitutes the Assembly of the Conference (5 U.S.C. 595).

Agenda: The Assembly will discuss and consider the following recommendations:

- *Improving Consistency in Social Security Disability Adjudications.* This recommendation identifies ways to improve the adjudication process for Social Security disability claims at the administrative law judge hearing stage and at the Appeals Council, and suggests changes to the evaluation of opinion evidence from medical professionals.
- *Benefit-Cost Analysis at Independent Regulatory Agencies.* This recommendation highlights a series of best practices directed at independent regulatory agencies in the preparation of benefit-cost analyses that accompany proposed and final rules.
- *Science in the Administrative Process.* This recommendation offers several proposals to promote transparency in agencies' scientific decisionmaking, including: articulation of questions to be informed by science information; attribution for agency personnel who contributed to scientific analyses; public access to underlying data and literature; and conflict of interest disclosures for privately funded research used by the agencies in licensing, rulemaking, or other administrative processes.
- *The Administrative Record in Informal Rulemaking.* This recommendation offers best practices for agencies in the compilation, preservation, and certification of records in informal rulemaking, and supports the judicial presumption of regularity for agency administrative records except in certain limited circumstances.
